

1. Go to www.codewars.com/r/rCZ2dA to join our class group.

2. Click on Signup here:

3. Choose Python

4. Fix the code to say “return”.

5. You should get this message. Type in “Oregon Episcopal School” for your clan. Then sign up using your OES email account:

You have passed the initiation. Now the real training begins...

7. Choose “Learning to Program” and work your way up! We want everyone to start from the beginning.

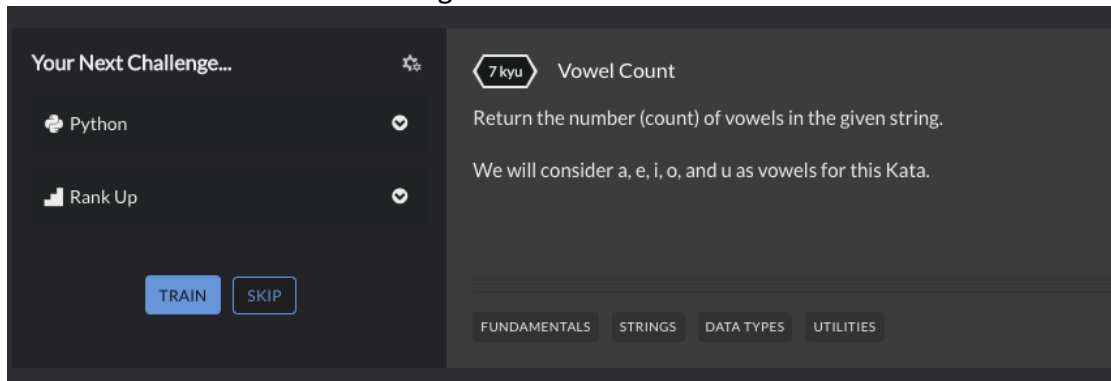

What is your programming experience?

☒ Learning to Program ☐ Junior Developer ☐ Mid-Level Developer ☐ Senior Developer

Choose the languages you wish to train on (we have already pre-selected some for you):

BF	C	Clojure	CoffeeScript	C++	Crystal	C#	Dart	Elixir	Erlang
F#	Go	Groovy	Haskell	Java	JavaScript	Kotlin	Lua	Nim	Objective-C
OCaml	PHP	Python	R	Ruby	Rust	Scala	Shell	Solidity	SQL

8. Choose “Train” to start challenges!

9. If you go to View Profile – Social, you’ll see your allies (aka classmates):
